That Purchase of Liberty Bonds ... Will Make Huns Pay. BALTIMORE, MD., October 5.—At a rousing mass-meeting here to-night for the Liberty loan drive, former Gover-nor Montague, of Virginia, was the chief speaker, and was given a big ovation. He said, in part:
"We have builded our own republic;

we have lived under our own vine and fir tree. We have declared that governments were made for men, not mer for governments. We enunciated the Monroe Doctrine as a principle of defense against foreign governments. But our isolation has become impossible. Barriers have been swept away by the fast steamships and cables. The time to argue, to protest, has passed We cried for peace, but there was no peace. We preached and practiced neutrality. But Germany persevered. The imperial monitor drew us into the great war, and now it is up to us to make her pay and pay well. We can do this by buying Liberty bonds." The Uncertainty of Baseball

NEW YORK, October 5.—Theodore Roosevelt, speaking here to-night at a "national service" mass-meeting under the auspices of the Mayor's committee on national defense, declared the only peace which will make the world safe for democracy must be lard. based upon the complete overthrow of Germany, and the dissolution of Austria and Turkey. Included in the program he outlines were a free Arabia and Armenia, Poland and Lithuania, with an independent Czech commonwealth and a Jugo-Slav state.

"This is the way to make the world safe for democracy and the only way; and this means that the only peace we can accept is the peace of overwhelming victory. Turkey's conduct toward the Armenian and Syrian Christians has been such as to make it evident that the Turk must not only be driven out of Europe, but the empire destroyed. Give Arabia freedom, give Armenia freedom. Establish a free city at Constantinople and keep the straits absolutely open for the Russians and for every one else.

MOST INTENSIVE KIND OF TRAINING PLANNED

Work Mapped Out to Prepare Men in National Guard and National

Army for Duty Abroad. BASED ON 16 WEEKS' COURSE

Practically Entire Time Will Be Devoted to Instruction of Individuals, Platoons and Companies, Brigade Regimental Exercises Being Last.

WASHINGTON, October 5 .- Training work mapped out by the War Department for National Guard and National Army divisions before they will be regarded as ready for duty abroad is based on a sixteen-week course of the most intensive kind of work in the open, varied with lectures by American and allied officers, who are experts in modern warfare. The schedules were announced to-day.

Great stress is laid upon the necesity for night training. Trench raiding, scouting, trench building and operations of all kinds which may be alled for in actual combat will be uplicated at the camps through the night hours. To give the men some respite, their Wednesday and Saturday afternoons will be kept free, except in the case of backward individuals or units. Target practice runs through the entire course, and the schedules eall for forty hours' training each week.

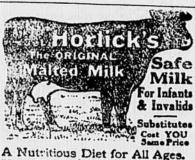

A striking feature of the program is the fact that practically the entire sixteen weeks will be devoted to training individuals, platoons and companies. Brigade, divisional and even mental exercises are reserved for a later period, with some minor excep-tions during the last weeks. Since the platoon, commanded by a lieutenant, is the actual fighting unit in trench battles, the new regulations fix upon the lieutenants of each company the responsibility for training of less than company units, so that they may get in close touch, with their OFFICERS MUST BE WITH

COMMANDS AT ALL DRILLS Rigid requirement is made that officers be present with their commands at all drills. The whole system is to be prepared in advance, so that each officer and man will know just the work to be done during the day and

New elements will be injected into the training each week. The lecture program, with graphic illustrations, will show all that three years of war have brought of gas attack, of bombing and of bayonet work.
